Professional Summery

I am an aspiring IT professional with a strong foundation in information technology, project coordination, and software implementation. Experienced in collaborating with cross-functional teams, troubleshooting technical issues, and using project management tools to support IT initiatives. Proficient in Python, SQL, Microsoft Azure, and Microsoft 365. Seeking to leverage technical expertise and organizational skills in an IT Technician Co-Op role.

Education

York University, Toronto, Ontario
Bachelor of Arts – Information Technology (Honors) | September 2019 – (Expected) September 2025
Relevant Coursework: Systems Analysis and Design (ITEC 4010)
IT Project Management (ITEC 3505)
Microsoft Azure AI Fundamentals (AI 900) | Completed – March 2024

Work Experience

Student Engagement Club Ambassador

York University | July 2023 – April 2024

- Worked closely with a dedicated team of club ambassadors to collectively brainstorm, plan, and execute initiatives that increased student engagement by 15%.
- Utilized Microsoft 365 (Excel, Teams, Outlook) for scheduling, documentation, and reporting to improve operational efficiency

ECU Integration Specialist

Lassonde Motorsport (York University) | August 2023 – January 2024

- Collaborated with cross-functional teams to diagnose and resolve complex ECU integration issues, ensuring smooth implementation of software and hardware solutions.
- Maintained project documentation, tracked technical progress, and assisted in testing and troubleshooting electronic control systems, enhancing problem-solving and organizational skills.

Projects

Campus Parking Permit Sharing Platform (Course Project: ITEC 4010-Systems Analysis and design)

- Designed and developed a web-based platform to optimize campus parking by enabling permit-sharing, reducing costs by 50% and improving space allocation.
- Utilized SQL for database management, ensuring efficient data storage and retrieval.
- Implemented backend development using Java, JavaScript, and PHP to handle user authentication and permit-sharing logic.
- Developed a responsive frontend using HTML and CSS, enhancing user experience and accessibility.

Technical Skills

- Programming Languages: Python, JavaScript, Java, SQL, HTML, CSS,
- Databases: SQL Server, PostgreSQL
- Cloud Platforms: Microsoft Azure
- Tools: Git, Adobe XD, Microsoft 365, ProjectLibre

Additional Information

Languages: Fluent in English; Fluent in Bangali
